Neptune, NJ 07753

Dear Mr. Robbins,

The Englishtown Manalapan First Aid Squad has provided volunteer EMS coverage to the residents and visitors of Manalapan Township and Englishtown Borough with no cost to our residents since 1941. The only costs our residents have realized due to a need for EMS assistance has been from MONOC for the services of advanced life support. As you are aware, costs for materials, ambulances, maintenance and insurance to name a few have dramatically increased in the past 5 years.

Due to this financial reality the Englishtown Manalapan First Aid Squad has partnered with Western Monmouth Emergency Medical Services a NJ State of Health licensed BLS agency. This letter is to inform you that we will begin to bill insurance companies/Medicare/Medicaid for our services on or about May 15, 2015.

We are the primary Basic Life Support EMS agency for the Township of Manalapan and the Borough of Englishtown and understand that Medicare/Medicaid will only honor one bill from an EMS agency. We would like to negotiate an ALS/BLS Bundled Billing Agreement with MONOC effective May 15, 2015. This agreement should be fair and equitable for both of our agencies to continue to provide the best quality emergency medical care for our patients. We have already secured an agreement with our secondary advanced life support agency Robert Wood Johnson Health Care.

Please respond with a proposal for the bundled billing split at your earliest convenience.
Thank you and we look forward to your response.

Regards,
